COVERAGE FOR YOUR VEHICLE INSIDE AND OUT!

Think of all of the life that happens in your car. You run errands, shuttle the soccer team to and from practice, and load up the whole family (including the pets) to embark on a road trip! At Smart AutoCare™, we know that sometimes life happens to be messy.

Our Environmental Paint & Interior Protection is a one-time application that provides protection from life's messes for the interior and exterior of your vehicle. It provides coverage not offered by the vehicle manufacturer and keeps vehicles looking showroom new for years to come.

PROGRAM TERMS & BENEFITS

- Wide range of term options
- Matte paint coverage*
- Transferable
- Available on new/pre-owned vehicles

**Coverage available with surcharge*

EXTERIOR COVERAGE

Protects your vehicle exterior against daily assaults from the environment like acid rain, tree sap, and bird droppings. Additionally, our exclusive protection acts like a sunscreen for the factory paint to keep it from fading, chalking, and losing the gloss and luster that made the vehicle look so beautiful the day it originally rolled onto the showroom floor.

INTERIOR COVERAGE

Protects the interior leather, vinyl, and fabric from fading, soiling, and ruining from everyday spills. Everybody vows they won't take food and drinks into their new vehicle, but compromises are quickly made. Hot coffee is spilled, milk and juice boxes are turned upside down, and pets and dirty shoes add to the demise of an unprotected interior. A simple, one-time application of our products defends your leather/vinyl and carpet from this inevitable fate.
